

Navigation CSS

Navigation Bar

- With CSS there are nice ways to include a Navigation bar

Check this out:

https://www.w3schools.com/css/css_navbar.asp

https://www.w3schools.com/css/css_navbar_horizontal.asp

My Example: home.html

```
<!-- My Navigation-->
```

```
<ul>
```

```
  <li><a class="active" href="home.html">Home</a></li>
```

```
  <li><a href="about.html">About</a></li>
```

```
  <li><a href="contact.html">Contact</a></li>
```

```
</ul>
```

```
<h1>Home Page</h1>
```

```
<p>Welcome to my Homepage!</p>
```

My Example: about.html

```
<!-- My Navigation-->
```

```
<ul>
```

```
  <li><a href="home.html">Home</a></li>
```

```
  <li><a class="active" href="about.html">About</a></li>
```

```
  <li><a href="contact.html">Contact</a></li>
```

```
</ul>
```

```
<h1>About Page</h1>
```

```
<p>We started as ... </p>
```

My Example: contact.html

```
<!-- My Navigation-->
```

```
<ul>
```

```
  <li><a href="home.html">Home</a></li>
```

```
  <li><a href="about.html">About</a></li>
```

```
  <li><a class="active" href="contact.html">Contact</a></li>
```

```
</ul>
```

```
<h1>Contact Page</h1>
```

```
<p>Contact me with questions at ...</p>
```

My Example: CSS file

```
ul {  
    list-style-type: none;  
    margin: 0;  
    padding: 0;  
    overflow: hidden;  
    background-color: #333;  
}  
li {  
    float: left;  
}  
  
li a {  
    display: block;  
    color: white;  
    text-align: center;  
    padding: 14px 16px;  
    text-decoration: none;  
}  
  
li a:hover {  
    background-color: #111;  
}  
  
.active {  
    background-color: #04AA6D;  
}
```

Try removing the css file. How would it look?
